

Residential Care Facilities for the Elderly (RCFE) and Adult Residential Facilities (ARF) COVID-19 Cases

The figure and tables below represent COVID-19 positive cases at Adult and Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities, the figure and tables below identify the facilities with eleven (11) or more COVID-19 positive cases among staff and residents, unless otherwise stated. Values of less than eleven (11) are masked (shown as <11) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Figure 1: The total number of COVID-19 positive cases for each county is separated into a count for staff (represented by the dark green bar) and a count for residents (represented by the light green bar). Counties with fewer than eleven (11) COVID-19 positive cases in the staff and/or resident count are excluded.

*COVID-19 counts by county may shift as data is dynamic.

**The Total Positive Cases represents a cumulative number of reported COVID-19 positive cases for all RCFE and ARF in California, including those with a capacity of fewer than seven (7) persons in care and those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The numbers in the graph are only for facilities with a capacity of at least seven (7) persons in care and, of those facilities, those with at least eleven (11) COVID-19 positive cases for residents and at least eleven (11) COVID-19 positive cases for staff.

***The Total Related Deaths represents a cumulative number of reported COVID-19 deaths for all RCFE and ARF in California, including those with a capacity of fewer than seven (7) persons in care and those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The Total Deaths number includes residents and staff from RCFE facilities that passed away at the facility or at another location, such as a local hospital. For that reason, the Total Deaths number may include deaths that are also included on lists from other entities.

The table below represents COVID-19 positive cases at Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 1, RCFE List, have at least eleven (11) COVID-19 positive cases or at least one (1) COVID-19 related death. Values of less than eleven (11) are masked (shown as <11) in accordance with de-identification guidelines. This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Table 1: Values representing fewer than 11 COVID-19 positive cases or COVID-19 related deaths in the staff and/or resident count are masked (show as <11) in accordance with de-identification guidelines. True values of zero appear as "0".

*The Number of COVID-19 Related Deaths is the number of reported COVID-19 related deaths for all RCFE in California, including those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The number includes residents and staff from RCFE facilities that passed away at the facility or at another location, such as a local hospital. For that reason, the Number of COVID-19 Related Deaths number may include deaths that are also included on lists from other entities.
