Residential Care Facilities for the Elderly (RCFE) and Adult Residential Facilities (ARF) COVID-19 Cases

Effective July 16, the California Department of Social Services, Community Care Licensing Division has made the following changes to this daily report:
- Active cases, as defined, have been added.
- Cumulative case data will be shown at the statewide, county level, and facility level.
- Active case data will be shown at the statewide, county level, and facility-level.
- Death data will be shown at the facility level.

The figures and tables below represent COVID-19 positive cases at Adult and Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care, unless otherwise stated. This threshold is in consideration of privacy and security concerns for Adult and Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities, the figures and tables below identify the facilities with eleven (11) or more COVID-19 positive cases among staff and residents or at least one (1) COVID-19 related death, unless otherwise stated. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are also masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Figure 1: The graph in Figure 1 shows the total number of COVID-19 positive cases to date in each county and is separated into a count for staff (represented by the dark green bar) and a count for residents (represented by the light green bar). The county totals represent the numbers for the facilities within each county that have a capacity for at least seven (7) persons in care. Counties with fewer than eleven (11) COVID-19 positive cases among staff and fewer than eleven (11) COVID-19 positive cases among residents for the county as a whole are excluded. The text in the right-hand corner of Figure 1 represents the statewide totals for all RCFE in California.

Active Cases by RCFE Facility

The table below represents active COVID-19 positive cases at Residential Care Facilities for the Elderly licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Residential Care Facilities for the Elderly, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 1 have at least one (1) active COVID-19 positive case. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.

Note on Table 1: The columns representing the changes from the previous day indicate whether the number of active COVID-19 positive cases has increased (represented by "+" and the number), decreased (represented by "-" and the number), or stayed the same (represented by "0"). A decrease from the previous day indicates that one or more staff members or residents no longer meets the criteria for an active COVID-19 case.

*The Number of COVID-19 Related Deaths is the number of reported COVID-19 related deaths for all RCFE in California, including those with fewer than eleven (11) COVID-19 positive cases among residents and staff. The number includes residents and staff from RCFE facilities that passed away at the facility or at another location, such as a local hospital. For that reason, the Number of COVID-19 Related Deaths number may include deaths that are also included on lists from other entities.

Adult Residential Facilities COVID-19 Cases

The table below represents active COVID-19 positive cases at Adult Residential Facilities licensed by the California Department of Social Services, Community Care Licensing Division that have a capacity for seven (7) or more persons in care. This threshold is in consideration of privacy and security concerns for Adult Residential Facilities, which are often private residential homes. Of those facilities with at least seven (7) beds, the facilities listed in Table 3, ARF List, have at least eleven (11) COVID-19 positive cases. Values of less than eleven (11) are masked (shown as <11) and values that can be used to identify values of less than eleven (11) are masked (shown as **) in accordance with de-identification guidelines. True values of zero appear as "0". This list is not intended to suggest neglect or wrongdoing on the part of the facility.
